Valentine's Chocolate Strawberry Cupcake Swirl

Ingredients:

- 1 package strawberry cake mix (plus ingredients to prepare mix)
- 1 cup strawberry frosting 1 cup chocolate frosting
- 2/3 cup semisweet chocolate chips
- 4 ounces cream cheese

Directions:

1. Preheat oven to 350 degrees.
2. Grease or use paper baking cups in a 24 muffin pan.
3. Melt chocolate chips in microwave for 30 seconds. Let child stir, and microwave for 10 second intervals until at a melted consistency.
4. Prepare cake mix according to directions, letting your child help with each step depending on age and skill level. Separate half the batter in a different bowl. Combine melted chocolate chips and cream cheese to one batter. Beat with mixer at medium speed until blended.
5. Using chocolate batter first, spoon chocolate and strawberry batter's side by side in muffin cups about two-thirds full.
6. Bake for 16 minutes or until tooth pick inserted comes out clean. Cool cupcakes in pan for 10 minutes before placing them individually on wire racks to cool completely.
7. Let your child pick which frosting he or she wants to be in charge of and let him or her spread the frosting on one half of each cupcake. You spread the opposite frosting on the other half. Enjoy!
